TRIDENT MARINE®

ODOR SHIELD SANITATION HOSE

140 Series

Trident Odor Shield Sanitation Hose. Extra odor-resistant hose for all head and holding tank connections. This smooth light grey hose a special anti-bacterial thermoplastic formulation that greatly exceeds the odor resistance of our popular 148 series. The hard PVC helix gives the same good flexibility and bend radius. No cuffs required. Not for potable water applications, or for exposure to alcohol, petrochemicals or solvents. Self draining installations are recommended for longest odor free service.

Specifications

Construction:

Tube & Cover:
Thermoplastic PVC

Color: Light Grey

Reinforcement:
Hard PVC Helix

Part Number	ID		OD		Working Pressure		Weight		Bend Radius	
	in.	mm.	in.	mm.	Vac In./ Hg	Bar	Lb./50 ft.	Kg/15.24 M	In.	mm.
